1. PURPOSE

- 1.1 Virement is the process of transferring funds from one line item of budget to another. The term is derived from a French word meaning a commercial transfer.
- 1.2 Each year the Municipality produces an annual budget which must be approved by Council. In practice, as the year progresses, circumstances may change so that certain estimates are under-budgeted and others over-budgeted due to unforeseen expenditure (For example, due to occurrence of disasters) or savings. As a result, it becomes necessary to transfer funds between votes and line items. It is not practical to refer all transfers between line items within a specific vote to the council, and as the local Government: Municipal Finance Management Act ("MFMA) is largely silent as to such transfers, it is necessary to establish a policy which governs the administrative transfer between line items.
- 1.3 It is important to note that the MFMA responsibility on each manager or head of a department or activity to which funds are allotted, to plan and conduct assigned operations so as not to expend more funds than budgeted and thus virements should be kept to a minimum.
- 1.4 The main aim of this Policy is therefore to provide a framework to give the Heads of Departments greater flexibility while retaining sound control and accountability in managing their budgets whereby certain transfers between line items within votes and between votes may be performed with the prior approval of certain delegated officials.

2. DEFINITIONS AND ABBREVIATIONS

- a) **EXCO** – means Executive Committee
- b) **Accounting officer** - means the Municipal Manager of the municipality
- c) **Budget (approved)** – means an annual budget approved by a municipal council; or approved by a provincial or the national executive following an intervention in terms of section 139 of the Constitution and includes such an annual budget as revised by an adjustments budget.
- d) **Municipal financial year** – means a year ending on 30 June.
- e) **Virement** – means a process of transferring funds from one line item of budget or one Vote to another arising from circumstances which materially changed from those that were present at time of the adoption of the previous budget and also which take into account anticipated (projected) changes.

- f) **Vote** - means one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and which specifies the total amount that is appropriated for the purposes of the department or functional area concerned.

3. APPLICATION OF POLICY

- 3.1 This policy, with certain limitations, applies to both transfers within Votes and between votes of the Municipality's budget.
- 3.2 Section 28(2) (d) of the MFMA provides that "AN adjustments budget...may authorise the utilization of projected savings in one vote towards spending in another vote." However, Virements between votes should be permitted where the proposed shifts in funding facilitate sound risk and financial management (e.g. the management of central insurance funds and insurance claims from separate votes)
- 3.3 This policy shall not apply to transfers between or from capital projects or items and no such transfers may be performed under this policy, **unless approved by EXCO**
- 3.4 Virements from the capital budget to the operating budget should not be permitted.
- 3.5 Virements towards personnel expenditure should not be permitted.
- 3.6 Virements to or from the following items should not be permitted: bulk purchases; debt impairment, interest charges; depreciation, grants to individuals, revenue foregone, insurance and VAT
- 3.7 Virements should not result in adding 'new' projects to the Capital Budget
- 3.8 Virements of conditional grant funds to purposes outside of that specified in the relevant conditional grant framework must not be permitted.
- 3.9 Virements resulting from scrapping of assets (including stock/inventory) should not be allowed.

Any deviation from or adjustment to an annual budget or transfer within a budget which is not specifically permitted under this policy or any other policy may not be performed unless approved by Executive Committee through an adjustments budget.
